Comment:

Your screen will now appear like this. Write your comment in the field at the bottom of the page. You have 6000 characters. We recommend you type your comment into a Word (or equivalent) document first and then copy and paste the text into the comment field. The FERC website is notorious for crashing in the middle of writing a comment, so having it in a separate document will save you aggravation and time. When you're done, click the "Send Comment" button at the bottom of the page, and remember to not be scurrilous! ☺
